

OTRF Platinum Partners: Turf Care Products Canada and Green Horizons Group of Farms Ltd

The Ontario Turfgrass Research Foundation is excited to announce that Turf Care Products Canada and Green Horizons Group of Farms have become our first OTRF Platinum Partners. The support pledged by Turf Care Products Canada and Green Horizons Group of Farms will help enable the OTRF to build and maintain the research seed money that will fuel leading-edge research in Canada.

Since 1975, Turf Care Products Canada has been a leading provider of quality products and services to the golf course community. Turf Care Products Canada believes in forging long-term relationships with their customers. The OTRF has been a beneficiary of Turf Care's support for much of our 30 year history. As an OTRF Platinum Partner, Turf Care Products Canada is demonstrating their commitment to research and providing real solutions to the turfgrass industry.

Green Horizons Group of Farms has 33 years of experience in the sod business. Their client base has consistently grown year after year. Green Horizon's secret for the growing number of customer's lies within their simple business philosophy: "Making their customers happy." OTRF has been the beneficiary of Green Horizon's growth. They have been a long time supporter of turfgrass research in Ontario. Ron Schiedel, President of Green Horizons Group of Farms, served as OTRF president for two years. The OTRF grew tremendously under his leadership.

"I would like to extend my gratitude to our new OTRF Platinum Partners, and praise them for recognizing the long term value of investing in turfgrass research. Over the years both Ron Craig of Turf Care Products Canada and Ron Schiedel of Green Horizons Group of Farms have dedicated many hours of their time to support the growth of the foundation. It is fitting that they have stepped forward to become the first Platinum Partners of the Ontario Turfgrass Research Foundation. We are honored to have them as our partners." (David Kuypers, President of the OTRF).

The commitment both of our Platinum Partners have made to the OTRF helps to ensure that the turfgrass research we fund, is addressing the most pressing needs that are facing our industries key stake holders.
